

Cardiology Southwest PC FINANCIAL POLICY

We are committed to providing excellent, quality medical care to our patients. As you are contracting our service, please understand that payment of your bill is considered part of your treatment and your responsibility. The following is a statement of our Financial Policy, which we require you to read. You will be asked to sign our Financial Policy Acknowledgement when you register for your appointment.

All patients are responsible to know what type of coverage they have with their Insurance Company. We are not responsible to know your individual coverage. If you are not sure that you have coverage for services, please call the phone number on the back of your insurance card to verify what kind of coverage you have. We will verify your benefits and coverage to determine out of pocket cost for testing done in our office. You will be required to pay your coinsurance for testing at the time services are rendered.

Patients that have a copay for doctor visits will be required to pay their copay in full, prior to services being rendered. If you do not pay your copay, your appointment may be rescheduled.

PATIENTS THAT HAVE ONLY MEDICARE COVERAGE

You are responsible to pay your 20% co-insurance at the time of service. If your Medicare deductible has not been satisfied, you will be sent a bill accordingly.

Payment is due at the time of treatment.

We accept cash, checks and Visa or Mastercard. We also have a payment plan called Care Credit, which allows you to start treatment today and spread payments over time.

Payment Options

1. cash or personal check
2. Visa or Mastercard
3. Care Credit

Applying for Care Credit takes only a few minutes. There is no fee to apply.
